

Course Expectations Planning Guide

Math

342 Pre-Calculus

Please Note: All listed information is intended to provide a general guideline for students in planning their course load. All information provided will vary according to the individual study needs and academic motivation. Events and responsibilities may vary year-to-year.

Weekly Time Commitment

Calculated by surveying students to identify an approximate amount of time spent outside of the school day in order to be successful in this course

1-2 hours

Standard Responsibilities

Successful students may have the following responsibilities in order to be successful in this course:

Notes, homework, and studying for the typical math course. However, those students who struggled in previous courses may require additional HW and study time to ensure success.

Significant Events

Students may expect some significant events that may be a part of this class.

While there are no field trips, regular note-taking and HW completion are essential for student success. Significant absences for any reason requires the student to be proactive and responsible.
