

Course Expectations Planning Guide

Science

486 Geology of Michigan

Please Note: All listed information is intended to provide a general guideline for students in planning their course load. All information provided will vary according to the individual study needs and academic motivation. Events and responsibilities may vary year-to-year.

Time Commitment

1-2 hours

Standard Responsibilities

Hands-on course where students will work in small groups on labs and projects that investigate geologic concepts and processes occurring in Michigan and beyond. Minimal homework assigned with most completed in class.

Significant Events

Possible field trips (Gem & Mineral Show, GP Hill Geology, Michigan [and regional] Geology sites). Possible college credit exam available.
