What do the emails look like?

The **Parent Email Digest** contains:

- The date range for which information is displayed.
- Each of your children's names at the top of the email summary.
- A summary of each course for the child, including:
 - Newly received grades
- Overdue Submissions, including:
 - How many days the item is past due
 - The assignment title
 - The Course in which the item is due
- Recent activity, including:

- The student's posts and updates in courses, assignments, test/quizzes, and discussions
- Recent submissions for assignments and test/quizzes

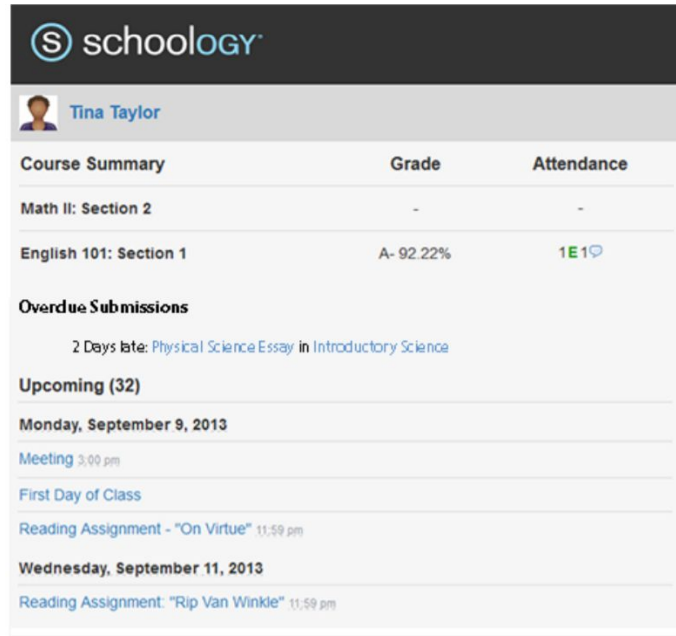

The digest will include up to five Summary items and up to ten Recent Activity items. To view more items that appear in the list, **click the More** option at the bottom of each area. If you have more than one child association, you can view the Summary and Recent Activity for additional children by scrolling down the digest.

You will receive one Overdue Notifications email for each time that your child fails to submit an item on time. You receive only one notification per late material regardless of how long it remains unsubmitted.
