

## May 2020 Star of the Day Schedule

By 3pm on the day before your child is scheduled to be the Star, please email the following to [Heitjad@gpschools.org](mailto:Heitjad@gpschools.org):

1. One picture of your child with his/her show and tell item.
2. Please include a brief description of the item. (Why your child likes it, where he/she got it from, etc.)
3. Additionally, you can send a \*video of your child talking about his/her show and tell item, but please know that just sending a picture is just fine! \*In order to ease the downloading process and memory space, please limit videos to around one minute or less. Thank you.
4. Sending these items by 3pm on the day prior to your child's Star Date will enable me to make the video to email to the rest of the class on your child's Star Date. My plan is to use the calendar in the video as a learning opportunity so for everything to make sense, we will need to stay on schedule.

Thank you in advance for your efforts with this! Please let me know if you have any questions, Ms. Dorothy
