

## EVERYDAY MATH

### Section 2

Section Two has a number of main areas of focus:

- To explore two-dimensional shapes,
- To reinforce special relationships vocabulary and concepts,
- To introduce the concept of symmetry,
- To develop understanding of teen numbers,
- To develop counting and numeral recognition skills,
- To lay groundwork for number writing through tactile and kinesthetic activities,
- To introduce estimation,
- To introduce number stories, and
- To continue patterning, graphing, and measurement comparison activities.
