

Helping Your Child Succeed in Kindergarten

“DRESS for SUCCESS”

- **No jewelry** (including silly bands) – save for home. 😊
- **Avoid tie shoes.** Slip on tennis shoes work best. If your child has tie shoes, please choose laces carefully, and tie 3 times. Trim laces that are too long, so your child won't trip.
- **Provide child-friendly clothes** so your child can take them on and off **independently** and avoid bathroom accidents.

Kindergarten clothing should be child and play friendly. Choose clothing that your child can put on and off independently and that you can launder easily. Some kindergartners are very distractible and/or still very oral and put jewelry, long sleeves, and shoelaces in their mouths, so please avoid jewelry, and monitor clothing.
