## 2023 HIGH SCHOOL SUMMER PROGRAM

This summer, the Grosse Pointe Public School System will be partnering with Michigan Virtual to offer credit recovery and grade replacement for students.

- **Credit recovery** is for students who failed a course during the academic year and need to make up that course.
- **Grade replacement** is for students who would like to retake a course in order to replace the grade they received through GPPSS during the academic year.

### Basic information:

- Michigan Virtual is an online platform with courses taught asynchronously by certified teachers in Michigan.
- Students will be assigned a GPPSS staff member to oversee each course they are taking. This teacher will act as their mentor, checking in with them on a weekly basis to monitor their course progress.
  - Grosse Pointe teachers will serve as mentors for students and be available at **Parcells Middle School** to provide tutoring and guidance. It is highly recommended that students attend in person sessions.
  - Class hours are Monday through Thursday from 8:15-11:15 am June 26-29 and July 10 - August 3. Mentors will be available via email the weeks of July 3 and August 7 although in-person classes will not be meeting.
- All coursework must be completed no later than **Friday, August 11th**.
- [Click here for a course catalog](#). Please work with your student's counselor to determine the best course(s) for your child.
- Please fill out [this Google Form](#) to indicate your interest in enrolling your child in Michigan Virtual this summer. Your child's counselor will receive this information and reach out to you to facilitate the registration process. The deadline to fill out this form is **Tuesday, June 27th at 3pm**.
- These courses will show "MV" (Michigan Virtual) with the course title on student transcripts. Also note that "Essentials" courses are not NCAA approved. Please have a conversation with your counselor regarding the appropriate course choices for your student.

### Cost:

- Tuition will be free to students that meet specific 11t grant criteria.
- Students who do not meet the criteria of the grant will be charged a per course fee of \$175 for "Essentials" courses and \$275 for non-essentials courses. Note: Essentials courses are used for the purposes of credit recovery (i.e., earning credit for a failed High School course) and will be listed as Essential (e.g., Alg 1B Essentials) on a student's transcript.
