**704 – ART FOR JUNIORS AND SENIORS**

**Visual, Performing and Applied Art Credit**

**Grades 11 - 12**

**.5 CREDIT**

This course is intended for juniors and seniors who would like to experience the latest art from around the world and also create new and interesting art themselves, whether they're an "I can't draw a straight line" person or an accomplished student artist. Students in this class will explore the current art world from the perspective of both consumer and creator of visual imagery. Because images are multiplying at an extreme rate in the digital, computer-driven society in which we live, understanding and using images to communicate is increasingly important. How do artists create? Where do they get their ideas? What methods do they use to make their art? Answers to these questions and more will be the basis for explorations in digital media, traditional media, and mixed media. Students will perform, present, respond, connect, create, analyze, and analyze in context in adherence with current state and national standards. Essential materials for this course will be provided.
