Students in all three grade levels were honored and recognized for outstanding achievement in academics and citizenship. Students participated in many academic contests, including: Letters about Literature, America and Me Essay Contest, Social Studies Geography Bee, You Be the Chemist Competition, Daughters of the American Revolution Essay Contest, and Michigan Interscholastic Press Association Awards. Band, orchestra, and vocal music students earned superior ratings at local, state, and national adjudicated music competitions. Five Brownell sixth grade students were winners in the state-wide Michigan Letters About Literature Competition.

Our PBIS (Positive Behavioral Intervention and Support) program is titled Buck up Broncos and focuses on Respect, Responsibility, and Positive Decision Making. Use of Advisory time and All School Assemblies every week introduce and reinforce positive student decision making and keys to academic success.

Brownell has four Student Service Organizations: Student Council, NJHS (National Junior Honor Society), STAND (Students Taking a New Direction), and GEAR Up (Green Education Action Recreation). Our Student Council raised money and contributed to the purchase and installation of six hundred new student lockers and a cart of thirty two mini iPads. Our STAND organization sponsored various drug free activities including a Haunted House, fundraisers that supported Sweet Dreamzz, Race for the Cure, Leukemia and Lymphoma research, and Children's Hospital. An anti-smoking program was also presented to the student body. STAND and GEAR Up also initiated a "Go Green — Re-use and Recycle Program."

A wide variety of extra-curricular activities (basketball, volleyball, track, swimming, wrestling, Yearbook, Jazz Band, Bridge Club, Drama Production, Art Club, Fashion Club, and Zumba) provide opportunities for students to explore areas of interest.

Brownell teachers tutor students in an after school Homework Help Program three days a week.

The Brownell PTO donated services and financial support for grade level curriculum enhancements, extra-curricular activities, new student lockers, and a cart of thirty two mini iPads.

Seventh grade students scored in the top 1%, for the entire state, on the 2013 MEAP Writing Test.

Assignment of Studies

The Board has determined attendance areas and students shall be expected to attend school within that area. A parent may request a transfer or appeal a placement decision on behalf of their student.

The principal shall be responsible for assigning students to classes. In the elementary schools, the principal, in determining the grade level for any new student, may take into consideration the previous schooling of the student but may assign the student to a lower grade level or higher grade level, if in the principal's judgment such an assignment would be in the best interest of the student. In middle school and high school students will be assigned to counselors, classes and instructors by the building principal.

The district also has in place policies and guidelines which guide promotion and retention.

Percentage of Parents Participating in Parent-Teacher Conferences:

2013-14

88.8% (642 Students)

2012-13

90% (622 Students)

FERPA Notice

GPPS also publishes student information via school sponsored or school-related media, including activities of the Grosse Pointe Foundation for Public Education.

Core Curriculum

The Grosse Pointe Public School System's core curriculum is developed under the auspices of the Educational Programs Leadership Council (EPLC), a group of teachers, parents, students, and administrators who meet monthly. The core curriculum is based upon state standards in all subjects and extends beyond those by incorporating exemplary local and national standards. Reports of the curriculum committees, which are submitted first to the EPLC then to the Board of Education, include recommendations regarding assessment, professional development, integration of technology, and differentiated instruction to accommodate academic diversity as well as the curriculum itself. The district also offers a wide array of advanced placement and challenging enrichment courses and a comprehensive special education program.

During the 2013-14 school year, EPLC led the curriculum review for social studies and library/media. Teachers doing the review examined assessments, textbook usage, and alignment to Michigan Department of Education requirements. Both curricula are still under development, as is the curriculum for science and secondary business.

District wide professional development is part of a comprehensive plan that uses teacher choice as well as mandatory training in areas identified by our district professional development team.
