Monteith resembles this quote! Establishing positive relationships with our students, while creating a community where students have relationships with each other, truly benefits our school atmosphere. Quality teacher-student and student-student relationships increases effectiveness of classroom management and instruction. It also makes everyone's experience more enjoyable. We are fortunate to work with a faculty that views positive relationships as the most important consideration within their classrooms, creating environments where students want to spend their days. Our continued focus is as follows:

- **Building relationships that support a culture of learning**
- **Motivating and creating a love for learning**

## **Core Curriculum**

The Grosse Pointe Public School System's core curriculum is developed under the auspices of the Educational Programs Leadership Council (EPLC), a group of teachers, parents, students, and administrators who meet monthly. The core curriculum is based upon state standards in all subjects and extends beyond those by incorporating exemplary local and national standards. Reports of the curriculum committees, which are submitted first to the EPLC then to the Board of Education, include recommendations regarding assessment, professional development, integration of technology, and differentiated instruction to accommodate academic diversity as well as the curriculum itself. The district also offers a wide array of advanced placement and challenging enrichment courses and a comprehensive special education program.

During the 2014-2015 school year, EPLC led the curriculum review for adolescent health, business, social studies and library/media. Teachers doing the review examined assessments, textbook usage, and alignment to Michigan Department of Education requirements. 6<sup>th</sup> thru 12<sup>th</sup> grade social studies and adolescent health curricula are still under development.

During the 2015-2016 school year, the following curricular areas will begin the review process:

- K-12 Mathematics
- K-12 Science
- K-12 Art
- 6-12 Counseling
- K-12 Physical Education
- 6-12 Inter-Departmental Technology
- 6-12 TV Production

District wide professional development is part of a comprehensive plan that uses teacher choice as well as mandatory training in areas identified by our district professional development team.

## **School Improvement Plan**

The School Improvement Plan includes strategies and objectives that are aligned with the district and school mission. Building wide professional learning communities focus on student progress monitoring and data analysis, which drives instruction and reflects our emphasis on continued authentic assessment of student needs. Our teachers do an exceptional job of utilizing a variety of teaching strategies to meet the needs of a differentiated classroom.

### **Next 3 year focus - School Improvement Plan:**

- To improve student reading, writing, math, science, and social studies skills (commensurate with ability) and focusing on the Common Core
- To enhance differentiated instruction by improving staff collaboration and professional development
- To improve the incorporation of technology in all subject areas and in communication with parents.
- Character Development – Creating student leaders who will demonstrate respectful, responsible, and safe behavior - focusing on diversity, social, emotional and academic development – being leaders of our own learning.

Monteith is a wonderful place, built on tradition, where students learn and have fun. We are extremely lucky to have teachers and parents who work together for the best interest of children. Thank you for being dedicated to Monteith and each child's on-going success. Working together we will continue to do great things!
