Data entry into Illuminate:

5th grade transition data enter into Illuminate by March 29

- As we begin to plan for our 5th graders transitioning to middle school, 5th grade teachers will enter information into Illuminate. Greg will then pull this data and create a [report](#) that will be shared with MS administrators and counselors in April (and then updated in early August).

5th grade teachers can review the [Mi-Star DNA, IRIP Score Reporting and IRIP Scores training video](#) to refresh their memories on how to add the 5th to 6th grade transition data into Illuminate.

5th grade teachers should add Winter F and P data (as needed), Special Services, Health, Conduct, Work Habits and Notes/Strategies for Success to Illuminate before March 29th. Spring F and P data should be entered before teachers leave in June.
