

All steps of the Scholar-Athlete Award process will be online without any paperwork. Students will fill out the entire application online and the judges will also be reviewing and scoring applications online. Otherwise, the Scholar-Athlete Award program is the same as in past years. We ask for the same background info, short-answer questions and essays, and we score applications using the same point system as in past years.

Schools are limited to the number of students who will be considered for the award. Class A schools can nominate 6 boys and 6 girls.

Here is what you need to do...

1. Go to <https://mhsaa.com/scholarship> to start the application process.
2. Once there, students will create an account.
3. Finally, students will need to enter the Access Code provided to the athletic office, which was provided through the MHSAA. Contact Mrs. Bennett for code @ bennett@gpschools.org

At this point students can start to fill out the different parts of the application. If you leave the application, you can pick up where you left off when you return. Students also need two letters of recommendation. Students can upload PDFs or Word docs themselves, or they can use the system to have recommenders upload recommendations themselves. **The deadline is Dec. 4, at 4:00 p.m.** Since the process is entirely online, there is no longer an internal school deadline.
