

Course Expectations Planning Guide

Science

451 AP Environmental Science

Please Note: All listed information is intended to provide a general guideline for students in planning their course load. All information provided will vary according to the individual study needs and academic motivation. Events and responsibilities may vary year-to-year.

Weekly Time Commitment

Calculated by surveying students to identify an approximate amount of time spent outside of the school day in order to be successful in this course

3-4 hours

Standard Responsibilities

Successful students may have the following responsibilities in order to be successful in this course:

Daily homework includes short textbook readings, online activities, lab reports, or learning of current environmental events in the news. Outside field studies both on-campus and off-campus are included during the year.

Significant Events

Students may expect some significant events that may be a part of this class.

Field trips (both on-campus and off-campus). Students expected to take the College Board AP Environmental Exam in May.
