

Dear Parent/Guardian and Student:

During the summer session, beginning June 22 and ending July 30, students will be expected to log on to the courses from an offsite computer.

Since the Odysseyware courses are online, students will be working through the course content on their own. An Odysseyware completion chart will also be shared on June 22nd to help your student stay on track in order to successfully complete the course. Students should be working on each class a minimum of 2-3 hours per day. This means that students should acquire at least 10 hours of work time for each class each week.

Even though students are completing the class/es online at home they still must check-in with their teacher at least once a week so they can get any questions answered and to make sure they are on track. If students fail to communicate weekly with their teacher the class will be disabled until contact is made.

All Classes Must Be 100% Complete by 3:00 PM on Thursday, July 30!!!
