Subject: GPPSS closed Friday for students, staff report to PD

Friday, March 13th, GPPSS will be closed to students so staff can participate in a day of professional development on remote learning appropriate for each age group. This will allow staff to develop materials should we need to close in the future. It is recommended that students consider bringing their books home with them today. We recognize how difficult this is for parents, and appreciate your patience as we navigate this with you.

After school practices and rehearsals for today, March 12th, will occur as scheduled unless otherwise cancelled by the coach/advisor. The middle school wrestling event scheduled for today has been cancelled.

Tuition-based preschool at Barnes and the elementary schools will be open Friday. Specifics about hours will be sent by the preschool program in a separate email. There will be no Kids Club on Friday.

Our goal is to be open Monday, but that will depend upon the direction of the health department and government agencies. Additional information will be sent by 3:30 p.m. today regarding activities.

Thank you for working with us to keep our students and staff safe,

Gary C. Niehaus

Superintendent

Grosse Pointe Public School System www.gpschools.org

Our Mission: Promote Innovation -> Maximize Potential -> Embrace Community

Our Vision: One GP: where *everyone* learns, *every day*
