

NON-EMPLOYEES (AGENTS) TECHNOLOGY ACCEPTABLE USE AND SAFETY AGREEMENT

To access and use District Technology and Information Resources, including a school-assigned e-mail account and/or the Internet at school, agents must sign and return this form.

Use of District Technology Resources is a privilege, not a right. The Board of Education's Technology Resources, including its computer network, Internet connection and online educational services/apps, are provided for business, professional and educational purposes only. Unauthorized or inappropriate use may result in loss of this privilege and/or other disciplinary action.

The Board has implemented technology protection measures that protect against (e.g., block/filter) Internet access to visual displays/depictions/materials that are obscene, constitute child pornography, or are harmful to minors. The Board also monitors online activity of agents in an effort to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. The Superintendent or Administrator may disable the technology protection measures to enable access for bona fide research or other lawful purposes.

Agent's using District Technology Resources are personally responsible and liable, both civilly and criminally, for unauthorized or inappropriate use of the Resources.

The Board reserves the right, at any time, to access, monitor, review and inspect any directories, files and/or messages residing on or sent using District Technology Resources. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.

To the extent that an agent has the proprietary rights to the design of a web page, site, service or app hosted on Board-owned or District-affiliated servers, the agent agrees to license in perpetuity the use of the web page, site, service or app by the Board without further compensation.
