Comments:	This was a tough course run under very hot, sunny conditions. If you made it through, you are on your way to a great season. This was a very good test of your perseverance. Also ask yourself... what did I contribute to my team today? Was I an excellent teammate or more of just an observer?

Our next meet, on Sept. 10 is on a flat and faster course. This will be the first meet of the season we attempt to really focus on the stopwatch and on split times. Your goal will be to see you time drop significantly and, at the same time, be a GREAT teammate! We will be ready for Algonac!
