

# LET'S KEEP GROSSE POINTE GREEN!

Over 6 tons of plastic bottles are thrown away  
at sporting events in the Grosse Pointes each year!

That's nearly half a million bottles!

Your support will help place 37 recycling bins  
at 15 public school field locations.

Each bin is now only

**\$200** for school groups,

thanks to a generous grant from the  
Worthington Family Foundation, provided by  
LocalMotionGreen at the Ecology Center.

A special thanks to:

Grosse Pointe Public School System's Green Team  
who sponsored the first bin!
