

ENCLOSURE: VI. E.

**GROSSE POINTE PUBLIC SCHOOL SYSTEM
TECHNOLOGY DEPARTMENT**

AGENDA TITLE: VI. E.

Wired/Wireless Network

BACKGROUND INFORMATION:

In November 2018, voters passed a bond referendum which would allow the District to begin updating much needed classroom technology. One of those updates includes an update to the District Wired/Wireless Network.

After working with Plante Moran and the District Technology staff, the District is making the recommendation to award the Wired/Wireless Network solution to Delta Network Services for \$1,781,465.72.

This upgrade will allow for a complete District wired and wireless enhancement, which will continue to support initiatives such as BYOD throughout GPPSS.

Request: Board approval of Wired/Wireless Network for \$1,781,465.72
