

# Vocabulary 1-4 / 6.3 (Honors)

## *Cell Functions*

### Chapter 1- 4

selectively permeable

---

---

---

three methods of substance movement in cells

---

---

---

diffusion

---

---

---

osmosis

---

---

---

passive transport

---

---

---

active transport

---

---

---

### Chapter 6.3 (Honors only)

diffusion

---

---

---

equilibrium

---

---

---

selectively permeable membrane

---

---

---

passive transport

---

---

---

facilitated diffusion

---

---

---

osmosis

---

---

---

hypertonic

---

---

---

hypotonic

---

---

---

isotonic

---

---

---

active transport

---

---

---

vesicle

---

---

---

exocytosis

---

---

---

endocytosis

---

---

---
