A. [EPLC Review](#)

Presented by Keith Howell

After the presentation, there was a round table discussion. The question was, "What have you thought about?"

Each EPLC member had an opportunity to share what they thought about the committee and ideas where the focus should be as the group continues to review changes.

The group continued to review the process, ideas regarding what should be included and what could be removed from the process continues.

B. [Instructional Coaching](#)

Presented by Chris Stanley

Chris explained what the Instructional Coaching position will be. These are positions being added to the district for the 22/23 school year. It will be a partnership between teachers and coaches.

Questions after the presentation:

Question: What if after a cycle the coach does not have a teacher request services.

Answer: They will work on curriculum items, professional learning, and other areas to build the capacity of teachers. All new teachers will be assigned a coach as well so we do not anticipate a lack of request services.

Question: Will they have an office in one of the buildings?

Answer: It is TBD

Question: Who is on the hiring committee?

Answer: There will be a diverse group on the screening committee.

Question: How will you share the information with teachers?

Answer: Through the administrators in the building.

Questions: When will the cycle start?

Answer: The first few weeks will most likely be developing the training, there is nothing concrete yet.

Question: Will you be able to request a certain coach?

Answer: There will most likely be a google form on what they would like to be coached on, you will not request a certain coach.
